

## Laser Hair Removal

**Free yourself from shaving, tweezing, or waxing!  
Getting rid of unwanted hair is now**

- **virtually PAINLESS**
- **unbeatable SPEED**
- **CLINICALLY PROVEN RESULTS**

At Timeless, we utilize Aileen Long Pulsed Nd:YAG laser a cutting-edge laser hair removal technology to ensure clients safety, ease fear of procedural pain, speed and clinically proven results for all skin types.

### **HOW MANY TREATMENTS DO I NEED?**

The number of treatments varies from person to person. This is because our hair growth cycles varies on different parts of our body. Our skin color, hair color, coarseness, density of hair as well as age and metabolism all influence hair growth.

### **BENEFITS**

- Painless

- No more shaving, tweezing, waxing required
- Hair permanently reduced
- U.S FDA cleared for permanent hair reduction
- Treat a wide range of skin types safely and effectively
- Advanced contact cooling technology to minimize discomfort
- No numbing cream or anesthetic required
- Excellent aesthetic outcomes
- Long-term, lasting results
- Fast treatment sessions
- No downtime
- Non-surgical

**WHICH PART OF BODY CAN BE TREATED?**

- Face
  
- Underarms
  
- Arms
  
- Legs
  
- Back
  
- Sensitive areas like the chest, nipples, bikini line and pubic area

**HOW LONG DOES THE PROCEDURE TAKE?**

Typically, hair removal treatments for the underarms require 10 minutes, half legs 30 minutes and full legs 60 minutes, full back 40 mins.
